Houston 2020 Visions

A first-ever collaboration between the City of Houston, The American Institute of Architects and Architecture Center Houston, *2020 Visions* is the inaugural exhibition upon the relaunch of Architecture Center Houston. Featuring 21 innovative and promising proposals, *Houston 2020 Visions* calls for a revision of policies, strategies that consider short and long-term impacts, and innovative thinking to find the “next big ideas” in urban planning.

houston2020visions.org

Exhibition on view by appointment through August 27, 2021 at Architecture Center Houston (902 Commerce St.) Please e-mail Debby at debby@aiahouston.org to schedule an appointment.

BEING AND EVERYTHING BEING AND EVERYTHING Works by Dawn DeDeaux

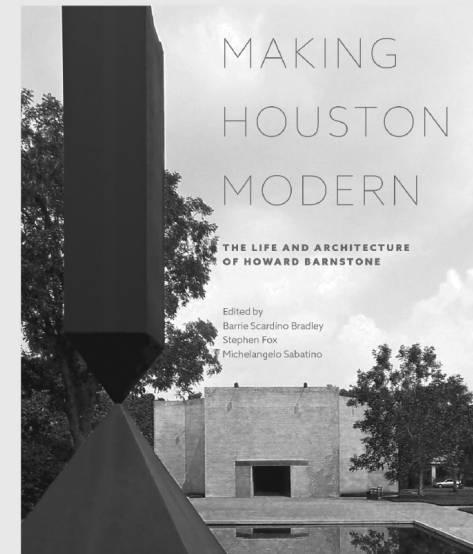

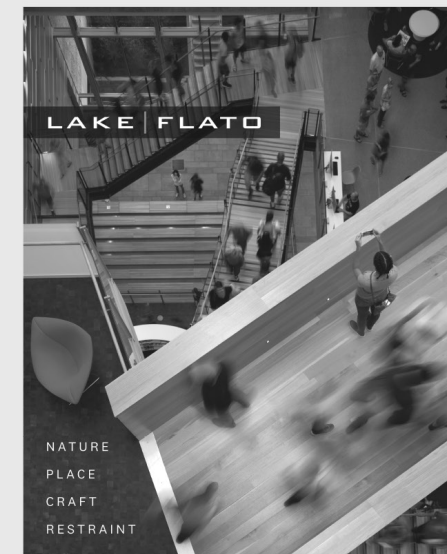

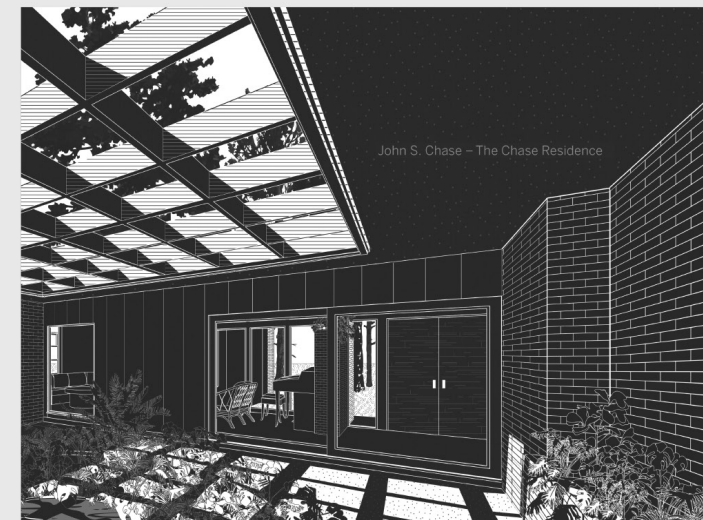

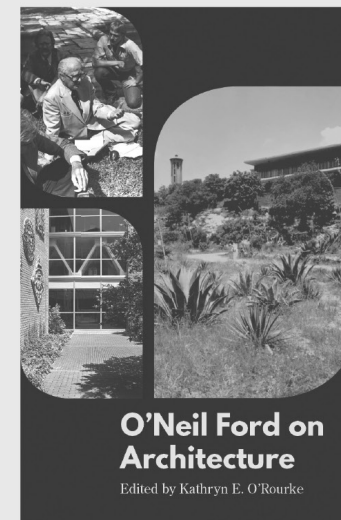

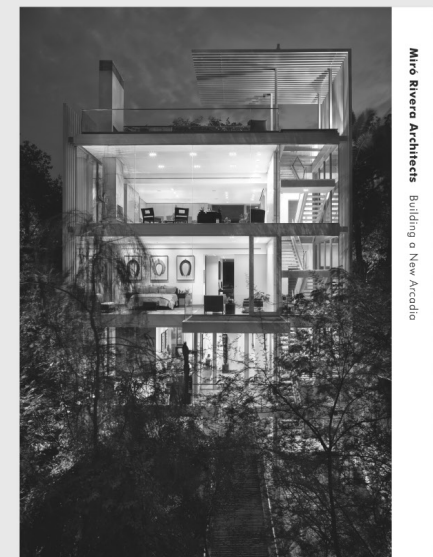

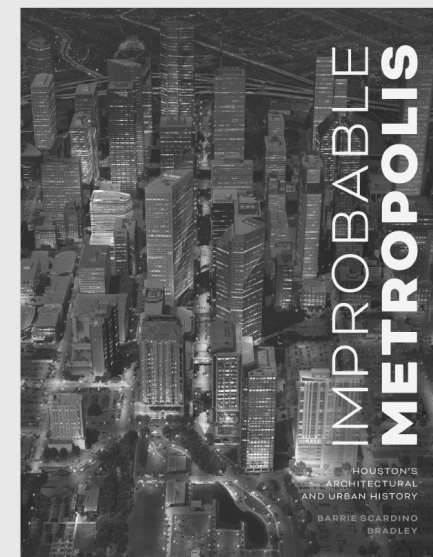

Transart is honored to present works by Dawn DeDeaux, a nationally recognized artist based in New Orleans. The exhibition features selections of her work from the past fifteen years influenced by cataclysmic events. DeDeaux has been at the forefront of envisioning a post-anthropocene world as part of her ongoing *MotherShip* series recently on view at MassMoCA, addressing scenarios like the current pandemic and environmental impact on planetary habitats. Her installations are highly responsive to architecture, and she transforms Transart as though it a portal into a floating galactic interior that safeguards our cultural remains. DeDeaux is utilizing her Transart Residency as a lab to complete works for her upcoming Career Retrospective at New Orleans Museum of Art - *The Space Between Worlds* - opening in the Fall 2021 with the city's international triennial Prospect.5.

Through June 21 2021

WE SEE YOUR VISION

4603 IVANHOE STREET
OPTION PENDING

Having custom designed 4603 Ivanhoe Street in 1952 to serve as his primary residence, Houston architect Allen R. Williams knew and understood every last detail, from the exterior brick to the terrazzo floor.

At Boulevard Realty, we strive to know our beloved home of Houston just as well as Williams knew his gorgeous mid-century modern retreat.

With City of Houston Planning Commissioner Bill Baldwin leading the way as our broker/owner, we're constantly seeking the newest and most up-to-date information about our ever growing and evolving city.

Planning and permitting, historic districts and preservation, floodplains and flood maps—we work hard to understand these important topics to the fullest so we can keep our clients and community well informed.

Our experienced Realtors®—like 4603 Ivanhoe Street listing agent Star Massing—realize that a breadth and depth of local knowledge is a must, especially when working with builders looking to attain their vision.

At the end of the day, it's what allows us to always be there as your Realtor®, resource, and friend.

Make an appointment.

Did you know you can watch

Rice Architecture and RDA lectures

and receive AIA/CES

Learning Units?

Visit the Videos section of our website to watch past lectures: ricedesignalliance.org/videos.

Eligible programs are noted at the end of their descriptions.

Fill out the linked form, complete the questionnaire, and send to rda@rice.edu. RDA will submit on your behalf to obtain credit.

Professionals from other disciplines may also be able to earn continuing education credits. Email rda@rice.edu to inquire about this possibility.
